COBOLT

Dear Customer

During the current difficult times for U.K. industry we are continuing our policy of supporting British design and manufacture.

Where you see the  symbol in the catalogue this indicates that we have designed the product and that we manufacture it in the U.K.

Where not manufactured in Great Britain, many of our other products incorporate our design and engineering expertise.

We pride ourselves on offering innovative high quality products at very competitive prices, whilst giving the highest possible service to our customers.

Our highly trained and friendly staff are always happy to help with any queries or problems you may have regarding any of the products displayed in our catalogue.

Most products are supplied with large print instructions and both cassette tape and CD instructions can be provided upon request. We endeavour to despatch orders by return of post. All stock carries our no-quibble guarantee and any item which is returned to us for repair or servicing will receive our prompt attention.

Orders can be placed in writing, by fax, telephone, email or from our online shop. Our products are also available from Amazon.com and EBay. Any product which is found to be unsuitable upon receipt, can be returned to us at no cost. The exception are the Talking Ovens which will incur a carriage charge.

Payment can be made by cheque, postal orders, credit/debit cards or bank transfer and we have no minimum order size. THERE IS NO ADDITIONAL CHARGE FOR POSTAGE AND PACKAGING WITHIN THE U.K. WHEN PURCHASED DIRECTLY FROM US. For overseas orders there may be a delivery charge. Amazon, EBay and Dementia orders - delivery charges apply. Accounts can be opened for Local Authorities, Health Departments and Official Organisations.

EXPORT ENQUIRIES ARE WELCOME AND MOST PRODUCTS MANUFACTURED BY OURSELVES ARE AVAILABLE IN A RANGE OF LANGUAGES.

PLEASE KEEP AN EYE ON OUR WEBSITE WWW.COOLT.CO.UK FOR CHANGES IN PRICES, SPECIAL OFFERS AND PRODUCTS NOT YET FEATURED IN OUR CATALOGUE.

You can also follow us on FACEBOOK.

W15 GENTS/LADIES SINGLE BUTTON TALKING WRIST WATCH

This female voice watch has been designed specifically for ease of use. Pressing the single button gives the time. The buttons for the adjustment of the spoken time are positioned on either side of the case and are recessed to prevent inadvertent operation. Available with either leather strap or expanding bracelet.

Please note: To maintain simplicity of this item it has no alarm or hourly report functions.

Gents case size 36mm 1.41" (Dia) x 13mm 0.51" (Thick). Powered by 1 x **CR2016** Lithium battery (included).

Ladies case size 32 mm 1.25" (Dia) x 12 mm 0.47" (Thick). Powered by 1 x **CR2025** Lithium battery (included).

W9 GENTS/LADIES TALKING WRIST WATCH

This watch has a female voice and includes three alarm sounds and an optional hourly chime. It has a clear analogue display and attractive modern styling. Available with black or purple leather strap or expanding bracelet.

Gents case size 36 mm 1.41" (Dia) x 13 mm 0.51" (Thick). Powered by 1 x **CR-2016** Lithium and 1 x **SR-626** silver oxide battery.

Ladies case size 33 mm 1.29" (Dia) x 12 mm 0.47" (Thick). Powered by 1 x **CR-2016** Lithium and 1 x **SR-621** silver oxide battery.

W8A TALKING WRISTWATCH

This watch has a female voice and a clear analogue display. It also includes a choice of 3 alarm sounds and optional hourly chime. Available with leather strap or expanding bracelet.

Case size 36 mm 1.41" (Dia) x 13 mm 0.51" (Thick). Powered by 1 x **CR2016** Lithium and 1 x **SR626** Silver Oxide battery (included).

W22 GENTS/LADIES MALE VOICE CALENDAR WATCH

This watch is available in matching Gents or Ladies, either in chrome or gold plated casing and can be supplied with an expanding bracelet or leather strap. A sophisticated timepiece the watch has been designed to be very straightforward to use. The hands are synchronised with the spoken time and it has 2 audible alarm sounds and a vibrating alarm. The vibrating alarm can be used silently or with an audible tone. The watch speaks the day of the week and full date as well as having an optional hourly chime.

Gents case size 35 mm 1.37" (Dia) x 13 mm 0.51" (Thick). Powered by 1 x **CR2032** (W22G) Lithium battery (included).

Ladies case size 32 mm 1.25" (Dia) x 12 mm 0.47" (Thick). Powered by 1 x **CR2025** (W22L) Lithium battery (included).

W8 TALKING WRISTWATCH

This watch has a female voice and a clear analogue display. It also includes a choice of 3 alarm sounds and optional hourly chime. Available with leather strap or expanding bracelet.

Case size 36 mm 1.41" (Dia) x 13 mm 0.51" (Thick). Powered by 1 x **CR2016** Lithium and 1 x **SR626** Silver Oxide battery (included).

W3 LADIES TALKING WRISTWATCH

The first small ladies size talking watch. This item has all the functions of the W8 talking watch but in a smaller case. Fitted with an expanding bracelet or leather strap.

Case size 32 mm 1.25" (Dia) x 12 mm 0.47" (Thick). Powered by 1 x **CR2016** Lithium and 1 x **SR621** Silver Oxide battery (included).

W16 TALKING LARGE FACED WATCHES

£34.95

These large easy to see watches have a clear analogue face measuring 36mm (diameter) and a female voice, which announces both the time and date at the touch of a button. It has 3 alarm sounds, optional hourly report and a count down function. You can also choose between 12 hour or 24 hour clock.

Available in two styles; silver casing and black face with white hands and numbers or gold casing and white face with black hands and numbers. Both are available with either expanding bracelet or leather strap.

Case size 42 mm 1.65" (Dia) x 11 mm 0.43" (Thick). Powered by 1 x **CR2016** Lithium battery and 1 x **SR626** Silver Oxide battery (included).

W4 TALKING ALARM WRISTWATCH

Available with leather strap or stainless steel bracelet. This watch has a female voice and an alarm. The metal case has an attractive chrome finish with the setting buttons recessed into the side to prevent inadvertent operation.

Case size 38 mm 1.49" (W) x 47 mm 1.85" (H) x 13 mm 0.51" (Thick).

Powered by 1 x **CR2032** Lithium battery (included).

£19.95

W12 LADIES TALKING WRISTWATCH

£24.95

This ladies size talking watch has a choice of 3 alarm sounds and optional hourly chime. It has a female voice and a clear analogue face with silver hands. Available with either a leather strap or expanding bracelet.

Case size 32 mm 1.25" (Dia) x 12 mm 0.47" (Thick). Powered by 1 x **CR2016** Lithium and 1 x **SR626** Silver Oxide battery (included).

W18 TALKING SQUARE WATCH

£34.95

This large easy to see square faced watch has a clear analogue face measuring 30mm square and a clear male voice. It includes three alarm sounds and optional hourly chime. Attractive modern styling with a black rubber strap, black face with thick white hands.

Case size 40 mm 1.57" (Dia) x 15 mm 0.59" (Thick). Powered by 1 x **CR2025** Lithium battery (supplied).

TALKING RADIO CONTROLLED CALENDAR ALARM WATCH

This talking radio controlled watch works anywhere in the world, utilising the atomic clock time signals in the UK, USA, Germany and Japan. Speaks the time, calendar and function information in a female voice. The calendar function speaks the day and full date at the touch of a button. This watch also has an alarm and an hourly chime. The hands are automatically synchronised to match the spoken time. Clear white analogue face with luminous hands.

Case size 42 mm 1.65" (Dia) x 18.5 mm 0.72" (Thick). Powered by 1 x **CR2025** Lithium battery (included). Please note: new watch cases and straps available at a cost of £12.00.

£24.49

RADIO CONTROLLED TALKING WATCHES

£34.95

£35.95

This watch announces the time, day, date and year in a male voice. Both the spoken time and hands are automatically adjusted to the UK, USA, German and Japanese time signals. The setting instructions are spoken as the menu functions are activated. Other functions include an alarm and an hourly report chime. The white face has clear black numbers and luminous hands. The casing is lightweight plastic in silver and the watch is available with either a leather strap or expanding bracelet.

Case size 39 mm 1.53" (Dia) x 16 mm 0.62" (Thick). Powered by 1 x **CR2032** (included).

PENDANT/POCKET TALKING ALARM WATCH

This attractive watch has a choice of 3 alarm sounds and optional hourly chime. It has a female voice and a clear white analogue face with black hands and numbers. Available with either a substantial 12" chain for use as a pocket watch or a 24" chain for use as a ladies pendant watch. The casing is silver in colour with a gold plated rim. Case size 41 mm 1.61" (Dia) x 14 mm 0.55" (Thick). Powered by 1 x **CR2016** Lithium and 1 x **SR626** Silver Oxide battery (included).

£29.95

W10 TALKING CALENDAR STOPWATCH ALARM

Modern styling with stainless steel case and metal bracelet. Large digital display and female voice. Calendar function speaks day only, not month or year. Four separate alarm times can be set and the stopwatch automatically speaks the elapsed time as well as allowing it to be spoken on demand. Optional hourly chime. Case size 39 mm 1.53" (W) x 50 mm 1.95" (H) x 17 mm 0.66" (Thick). Powered by 1 x **CR2016** Lithium battery (included).

£12.50

W2 TALKING ALARM WRISTWATCH

£9.95

Available with plastic strap or stainless steel expanding bracelet. An invaluable aid, this watch includes an alarm and hourly report. The clear female voice complements the large digital display and announces setting functions as well as the time. All the controls are on the front face. The watch has a stainless steel back. Case size 40 mm 1.57" (Dia) x 11 mm 0.43" (Thick). Powered by 1 x **CR2016** Lithium battery (included).

£5.95

W6 EASY TO SEE WATCH IN TWO SIZES

£12.95

An attractive quartz watch with clear easy to see display. The case is gold plated and the watch has a good quality movement. Please note this watch does not speak. Available with either a leather strap or a gold plated expanding bracelet with a stainless steel back.

Case size: 34 mm 1.33" (Dia) x 8 mm 0.31" (Thick). Powered by 1 x **SR626** Silver Oxide battery (included).

Also available in a **JUMBO** size, with the same details as above.

Case size: 41 mm 1.61" (Dia) x 8 mm 0.31" (Thick). Powered by 1 x **SR626** Silver Oxide battery (included).

WATCH STRAPS

LEATHER CLIP STRAP

Designed for those who prefer a leather strap but who find using a conventional strap buckle fixing difficult or awkward.

The strap is leather but uses an ingenious metal folding clasp. Once the strap has been adjusted to the correct size it is simply fitted and removed by opening and closing the clasp.

This strap can be fitted to all our watches apart from the W9 and W16.

Also available is a Velcro strap. This strap can be fitted to all our watches except the W9 watches.

£8.00

TALKING KEYCHAIN (YELLOW)

£6.50

Clear speech in a female voice. This keychain has an easy set daily alarm with a choice of 3 sounds. Clear LCD display and three recessed setting buttons on the front. The TALK button is located on the top edge.

Size 47 mm 1.83" (W) x 84 mm 3.29" (L).

Powered by 3 x **L1154** Lithium batteries (included).

TALKING KEYCHAIN (SILVER)

This talking keychain has a clear female voice and an LCD display. With the touch of a button the current time is announced. This keychain has an easy-set daily alarm with rooster crow, as well as an hourly report function.

Size 46 mm 1.81" (W) x 69 mm 2.72" (L).

Powered by 2 x **L1154** Lithium batteries (included).

£6.50

TALKING CALENDAR ALARM CLOCK

£34.95

This clock incorporates many of the features our clients have been asking for, including:- Very high speech quality. Full reporting of the day and date as well as the time. Automatic adjustment for summer/winter time changeover. Selectable speech styles i.e. "Two twenty eight PM" or "Almost half past two". Separately adjustable speech and alarm volumes. Choice of alarm sounds. 1 button reporting of current settings. Selectable hourly report. No loss of time or settings when changing the battery, etc etc. Supplied with removable cover which protects buttons from accidental operation and completely covers the set up buttons. Designed to be very quick and easy to set.

Size 144 mm 5.67" (W) x 81 mm 3.19" (L) x 34 mm 1.35" (D). The calendar clock is powered by 1 x **PP3** Alkaline battery (included). Can also be powered by optional mains adaptor.

TALKING TIMER ALARM CLOCK

This clock has all the timekeeping and alarm functions of our talking calendar clock, with the same high quality speech, multiple alarms etc but without the day, date or calendar features. Instead it has comprehensive timer and stopwatch functions. These include repeating pill timer, 100th second stopwatch with lap timers, count down timer with time to go reporting at the touch of a button etc etc. Designed to be very quick and easy to set.

Size 144 mm 5.67" (W) x 81 mm 3.19" (L) x 34 mm 1.35" (D).

The timer clock is powered by 1 x **PP3** Alkaline battery (included). Can also be powered by optional mains adaptor.

£34.95

URDU LANGUAGE TALKING ALARM CLOCK

£34.95

This revolutionary Urdu speaking alarm clock has been developed from our popular English speaking calendar clock but speaking in the language of Urdu. It incorporates most of the functionality of the calendar clock without the calendar functions. It has high speech quality. Separately adjustable speech and alarm volumes. Choice of alarm sounds. 1 button reporting of current settings. Selectable hourly report. No loss of time or settings when changing the battery. Supplied with a removable cover which protects the set up buttons from accidental operation. Designed to be very easy and quick to set up.

Size 144 mm 5.67" (W) x 81 mm 3.19" (L) x 34 mm 1.35" (D).

The Urdu clock is powered by 1 x **PP3** Alkaline battery (included). Can also be powered by optional mains adaptor.

DUAL VOICE SINGLE BUTTON CLOCK

NEW
LOWER
PRICE

£36.95

This small sleek clock can be carried in your pocket or in the faux leather carry pouch provided. The clock gives the user the choice to select between a male or female voice. Spoken time is announced at the touch of a button. The day, date and year are spoken when the button is held down. The time can be spoken in either 12 hour or 24 hour format, also announcing the time of day, i.e. "in the morning," "in the afternoon," "in the evening". The daily alarm function has a choice of ten different alarm sounds. The function buttons are recessed to prevent accidental changing of the settings. The volume is adjustable using a winder located on the right-hand side of the unit. This can be removed to restrict the user accidentally adjusting the volume. Ideal for those with visual impairment or dementia sufferers. Size 65 mm 2.56" (W) x 85 mm 3.35" (L). Powered by 2 x **AAA** Alkaline batteries (included).

T-12 TALKING ALARM CLOCK WITH CALENDAR & STOPWATCH

This female voice clock speaks the time and the date and has 4 alarm settings over a 24 hour period with an optional hourly chime. There is also a stopwatch function. It has a large LCD display with backlighting. The calendar function speaks the day only, not the month or the year.

Size 109 mm 4.29" (W) x 74 mm 2.92" (H) x 37.8 mm 1.48" (Thick).

Powered by 2 x **AAA** Alkaline batteries (included).

£15.95

T19 - TALKING TRAVEL CLOCK

£8.50

This slim travel clock is easy to use. It has a large digital display and a clear female voice. The clock has an optional hourly chime and an alarm function with a choice of three alarm sounds. The casing includes a cover which protects the display and buttons and also acts as a stand for the clock. The unit also has a belt clip.

Size 66 mm 2.59" (W) x 95 mm 3.72" (L) x 20 mm 0.78" (D).

Powered by 2 x **AAA** Alkaline batteries (included).

"ATOMIC" RADIO CONTROLLED ALARM CLOCK

£45.95

Synchronised to the Atomic Time Signal, this is the most accurate clock you could ever need. Large LCD display and very simple to use. The display shows full day, date and year. One press of the speech bar causes the time to be spoken, two presses speaks all the calendar details apart from the year. With female voice and optional hourly report. It will automatically adjust itself for Summer and Winter time.

Size 112 mm 4.40" (W) x 130 mm 5.11" (H) x 80 mm 3.14" (D) at widest part.

Powered by 2 x **AA** Alkaline batteries (included).

RETRO RADIO CONTROLLED TALKING CALENDAR CLOCK

WITH IN/OUT THERMOMETER

The time and date are automatically set, including time change between British summer and winter time. The clock can also be set manually for use outside the U.K. Announces the time, date inside and outside temperature in a clear female voice. The time, date and temperatures are also displayed on a large LCD display. All setting functions are spoken. Includes an alarm with optional snooze and hourly report functions. The separate remote sensor for outside temperature readings can be placed up to 20 metres from the clock unit. Temperature ranges; for indoor temperature 0° to 50°C and outside temperatures -20° to 60°C.

Size 203 mm 7.99" (W) x 123 mm 4.84" (H) x 40.6 mm 1.59" (D). The clock is powered by 2 x **AA** Alkaline batteries and the remote sensor is powered by 3 x **AAA** Alkaline batteries (included).

£45.95

RADIO CONTROLLED TALKING ALARM CLOCK WITH RADIO

£29.95

The clock sets itself using the European time signal. Use of a slide switch automatically updates it to British Summer Time. It has a built-in FM radio and can store up to 20 stations. The clock has an hourly report, alarm and snooze functions and a choice of alarm sounds including the radio. The spoken time is also displayed on the backlit LCD screen. Other features; count down timer allowing an alarm to be set separate to your main alarm and a sleep timer for the radio. Battery power backup enables continued use of the clock when the power supply is interrupted. Please note: there is an AM waveband which can receive some stations, depending on your location. NB: The radio will only function when connected to mains power. Size 80 mm 3.14" (W) x 70 mm 2.75" (H) x 120 mm 4.72" (D). Powered by 4 x **AAA** Alkaline batteries (included) and supplied with mains adaptor.

T21 TALKING LCD ALARM CLOCK WITH SPOKEN TEMPERATURE

£9.50

This compact-talking clock has a female voice and clear LCD display, backlit in green. It speaks and displays the time, together with the temperature in Celsius or Fahrenheit. It has a large button on the top to activate the backlit display and speak the time and temperature. Alarm function with optional snooze and hourly chime.

Size 115 mm 4.55" (W) x 109 mm 4.29" (L) x 57 mm 2.25" (D).

Powered by 2 X **AA** Batteries (included).

T10 TALKING ALARM CLOCK

This unit can be used as either a conventional LCD display alarm clock or a full function talking device. All functions are spoken when setting the time or alarm. A touch on the top button causes the time to be announced in a female voice.

Size 144 mm 5.67" (W) x 107 mm 4.23" (H) x 80 mm 3.15" (D).

Powered by 4 x **AA** Alkaline batteries (included).

£11.79

TALKING ANALOGUE ALARM CLOCK

£14.95

This clock has both a digital display and a large analogue display plus an alarm. The clock has a raised "Talk" button on the top. Very simple to set, the speech is announced in a female voice.

Size 121 mm 4.77" (W) x 138 mm 5.44" (H) x 60 mm 2.39" (D).

Powered by 4 x **AA** Alkaline batteries (included).

TALKING INSIDE/OUTSIDE THERMOMETER

With a separate probe which can be led through a window to a point outside the house this device will announce in a female voice both inside and outside temperatures in either °C or °F. It can also be set to make these announcements at a selected time or every hour. An alarm can be set to warn of temperatures above 38°C or below 0°C. High and low temperatures can be stored either daily or between set time.

Size 90 mm 3.54" (W) x 150 mm 5.90" (H) x 30 mm 1.18" (D).

Powered by 2 x **AAA** Alkaline batteries (included). Dimensions: 9cm (W) x 15cm (H) x 3cm (D)

£14.95

TALKING TIMER

This device is a combined count up and count down timer as well as a talking clock. Maximum count time is 24 hours. There is no spoken output when counting up but on count down the remaining time is spoken every hour until the last hour, every 10 minutes until the last 10 minutes, every minute until the last minute, every 10 seconds until the last 10 seconds then every second. Counting can be paused and the timer has a useful auto-repeat function. Please note that the remaining time is only spoken at defined intervals.

Size 65 mm 2.55" (W) x 82 mm 3.22" (H) x 10 mm 0.39" (D).

Powered by 2 x **L1154** Lithium batteries (included).

£8.25

TALKING TIMESTAT

From £59.95

TALKING TIMESTAT AVAILABLE WITH 2 OR 7 TIMERS

This extremely versatile device has a host of features, including 2 or 7 independent timers adjustable individually for every day of the week, a thermostat and a froststat. Any of these can be used separately or together to control a mains operated appliance up to a maximum rating of 2 KW. i.e. electric heaters, tape recorders, radios, lights, electric blankets etc etc.

The Timestat is very simple to set and use and has a very clear male voice with volume control. When plugged into a standard wall socket it charges its built in battery and will remember its settings for several months when disconnected. The Timestat also functions as a talking clock and thermometer. Size 110 mm 4.34" (W) x 195 mm 7.70" (L) x 55.73 mm 2.19" (D). No batteries required.

TALKING MULTI FUNCTION PORTABLE RADIO

NEW LOWER PRICE

£69.95

- Easy to use.
- Long, Medium, Short and FM wavebands.
- Manual or automatic tuning or tuned by entering a frequency.
- Up to 80 stations can be stored.
- Radio alarm clock with snooze function.

Powered by: 4 x **AA** Alkaline batteries or the mains adaptor (included). Cables to connect to a recorder are available separately.

PORTABLE CASSETTE RECORDER

This unit features: an external pop-up microphone, earphone jack, voice activated recording and adjustable VOX sensitivity; which prevents the recording of background noise and interference. Other features include; built-in automatic level control, selectable playback speed (fast/normal/slow) and selectable microphone sensitivity level control (low/medium/high). The Portable cassette recorder can be used on its own or it can be connected to the COBOLT TALKING MULTI FUNCTION PORTABLE RADIO. By connecting the two products you are able to record the stations from the radio on to the cassette recorder.

Size 86 mm 3.39" (W) x 122 mm 4.81" (L) x 41 mm 1.61" (D).

The portable cassette recorder is powered by 2 x **AA** Alkaline batteries (included) or a mains adaptor (not supplied).

£39.95

MULTI-WAY FLUORESCENT LAMP

£29.95

This 11 watt fluorescent lamp is ideal for those who require extra illumination for work or reading. The 11 watt fluorescent tube does not get hot, making the unit particularly safe. This lamp can be used with the heavy desk top base, with the clamp fitting or with the floor stand, all of which are supplied, making this a most versatile product.

EASY TO USE TV REMOTE CONTROL

£12.95

Simple to use and program to a wide variety of TV brands using setup codes. Original remote control not required for setup. Functions are channel up/down, volume up/down, mute and power on/off. Size 47 mm 1.85" (W) x 84 mm 3.30" (L). Powered by 2 x **AAAA** Alkaline batteries (included). Please note: sighted assistance is required for the set-up of this remote control.

REMOTE CONTROL WITH EXTRA LARGE BUTTONS

Compatible with a wide variety of major brands of TV, DVD player, VCR, Satellite TV boxes. This multi remote can be used to control up to four devices and has large tactile rubber buttons for ease of use. Buttons include; on/off, volume control, teletext and function buttons for DVD, VCR and Satellite. Size 105 mm 4.13" (W) x 238 mm 9.37" (L) x 18 mm 0.70" (D). Powered by 2 x **AAA** Alkaline batteries (included). Please note: sighted assistance is required for the set-up of this remote control.

£19.95

TALKING SMOKE & CARBON MONOXIDE DETECTOR

£41.95

This device has a voice alarm which eliminates confusion, it clearly tells you of smoke or carbon monoxide danger. The unit will say "Fire Fire" or "Warning Carbon Monoxide" with an Ultra LOUD 85 decibel Alarm. It has a Test/Reset button and flashing LED to verify the detector operation. It also speaks a warning if the batteries are low. The unit is easy to install with no wiring required. Size 144 mm 5.69" (Dia) x 37 mm 1.47" (D). Powered by 3 x **AA** Alkaline batteries (included).

TALKING TAPE MEASURE

£49.95

A 16ft (5 metre) tape measure with a resolution of 1mm - $\frac{1}{16}$ ". The measurement is spoken automatically in a clear male English voice. A press of a button adds the width of the case if required. Measurements can be added to memory to enable total measurements up to 999.99 meters. The memory is retained when the unit is switched off. The tape can be set to zero at any position. Readings can be taken in feet/inches, metres, centimetres or millimetres and can be converted at the touch of a button. Size 95 mm 3.74" (W) x 72 mm 2.83" (H) x 52 mm 2.06" (D). Powered by 1 x **PP3** Alkaline battery (included).

TALKING PERSONAL SCALE

Advanced strain gauge technology with computerised calibration combined with its slim design make this scale a pleasure to use. Simply stand on the scale - no switching on required. Step off when requested and the scale will speak your weight then switch off automatically. Speech is in a male voice and the volume is adjustable. The English version speaks your weight in Stones and Pounds, Pounds or Kilos. You can convert your weight between any units without having to re-weigh yourself. Other languages are available which weigh in metric units only. Size 290 mm 11.4" (W) x 315 mm 12.4" (L) x 36 mm 1.43" (D). Powered by 1 x **PP3** Alkaline battery (included).

£36.95

ELECTRIC IRON GUARD

£29.95

This iron guard is designed to enable the visually impaired to iron with optimum safety. It has 2 polyethylene rods that surround the edge of the iron. These act as a guide for the free hand while protecting the hands from burns. The guard attaches quickly and easily to most irons.

LIQUID LEVEL INDICATORS

"CRICKET" LIQUID LEVEL INDICATOR (BLUE)
This unit sits on the rim of the cup, mug, glass etc and gives an audible tone when the liquid reaches the bottom probe, the tone will then speed up when the second probe is reached.
Powered by 1 x **CR2032** Lithium battery (included).

"VIBRATING" LIQUID LEVEL INDICATOR (ORANGE)
This model operates in the same way as the above (blue) level indicator. In addition to the tones, this version has two levels of vibration.
Powered by 4 x **L1154** Lithium batteries (included).

"SENSA" LEVEL INDICATOR MK III

Significant improvements to earlier versions of this unit have resulted in this reliable, easy to use device. Designed for single handed operation the SENSA is simply hung on the rim of the cup, mug or glass. It automatically adjusts itself for different types and sizes of container. Pour in the milk and a tone sounds for several seconds when the level reaches $\frac{1}{2}$ " from the bottom. Add the water and the tone sounds continuously when the level reaches $\frac{1}{2}$ " from the top. Equally useful for a single liquid - just ignore the first tone. Smooth hygienic wipe clean surface with no sharp probes or exposed wires.

Powered by 2 x **392** watch batteries (included).

Available on CD or Cassette tape.
Available **FREE** with the purchase of the Talking Microwave Oven

CONTENT:

1. Introduction to the talking microwave oven.
2. Recipes - Twenty recipes specially written, tested and recorded for the talking microwave.

Jenny Webb is a renowned cookery writer. Her books have sold around the world and been translated into several languages. Running time approximately 50 minutes.

TALKING COMBINATION OVEN MK2

This combination oven is an easy to use fully talking microwave with a convection oven and grill. These can be used separately or in various combinations to achieve the optimum and most flexible cooking arrangements of your choice. There are numerous pre-programmed functions for cooking specific foods such as jacket potato, fish, vegetables, pasta and so on as well as a number of roasting programs. The weight of the item to be cooked is entered on the keypad and the oven automatically uses a combination of microwave, convection and grill for best results. The oven speaks all cooking and programme information. Up to 3 cooking programmes can be stored on the 3 favourite buttons so favourite cooking routines are available at the touch of a button. The oven has a rugged stainless steel interior and the buttons provide a tactile feedback. The Microwave is 900 watts, the Grill is 1000 watts, the Combination is 2200 watts and the Convection is 1300 watts.

Size External 512 mm 20.15" (W) x 302 mm 11.88" (H) x 500 mm 19.68" (D)

Please note: That if this item is returned for a refund we will arrange for it to be collected but, due to the transport costs involved, we will have to make a charge for carriage. We therefore advise that, if possible, you try one of these ovens at a local resource centre before ordering.

TALKING MICROWAVE OVEN MK6

With three "Favourite" buttons to store your three most frequently used programmes and a fully tactile and wipe clean keypad, the microwave has a power rating of 800 watts and is a 25 litre / 0.9 cu ft oven. It has a full range of features, including: rotating turntable, talking clock, adjustable speech volume and talking kitchen timer independent of the oven. Basic operation is by selecting power level and time. Programmed operation is by selecting cook / defrost, food type and weight or by selecting from a range of frozen and un-frozen convenience foods and weight. It has auto-minute and programme pause functions, spoken requests to stir or turn food during cooking and to leave food to stand after cooking. The oven speaks when the door is opened or closed and speaks confirmation of functions selected and cooking time. The time remaining is spoken at the press of a button at any stage whilst cooking. The microwave has a rugged stainless steel interior. Remarkably easy to use. Instructions in large print and on tape.

Size External: 510 mm 20" (W) x 280 mm 11" (H) x 370 mm 14.56" (D)

Please note that if this item is returned for a refund we will arrange for it to be collected but, due to the transport costs involved, we will have to make a charge for carriage. We therefore advise that, if possible, you try one of these ovens at a local resource centre before ordering.

TALKING MEASURING JUG

This jug has our high quality male voice. It measures in imperial pints and fluid ounces, metric litres and millilitres and U.S. pints and fluid ounces and can convert its readings between any of these. The user selects the type of liquid to be measured, either water, milk, oil based or user defined. Liquid can be added either with the jug on the worktop or held in the hand. The contents of the jug are spoken at the press of a button or automatically as liquid is added. A Tare function enables the reading to be set to zero once a measurement has been taken, without emptying the container, to allow a measured volume of a second liquid to be added. The user defined function allows the jug to be calibrated for any liquid, or indeed any solid if your recipe calls for a litre of sugar for instance! The container is removable for easy cleaning and can hold up to 2 litres of liquid. Speech volume is adjustable.

Size 150 mm 5.90" (W) x 240 mm 9.44" (H) x 210 mm 8.26" (D).

Powered by 1 x **PP3** Alkaline battery (included).

TALKING KITCHEN SCALE MK V

Continuous development has enabled us to incorporate a number of improvements into our latest version of this well known product. The scale now has adjustable volume control, weighs up to 5KG/11LB in 5 gm/half ounce steps. Accurate to within 2%, it has a large secure bowl and non slip feet. The scale is easy to use and has a smooth surface for easy cleaning.

It weighs in both imperial and metric units.

Size of base 175 mm 7" (W) x 230 mm 9" (L) x 83 mm 3.28" (H)

Size of bowl 230 mm 9" (Dia) x 106 mm 4.2" (H)

The scale is powered by either a mains adaptor, which is supplied or 1 x PP3 battery.

KETTLE TIPPER

The metal frame has an adjustable secure strap which allows the tipper to be used with a wide range of kettles and jugs. Also ideal for use with the Cobolt Talking Measuring Jug. The metal frame pivots to tilt the kettle's spout towards the cup. Please note: Kettle not supplied.

MICROWAVE COOKWARE

POTATO BAKER

Place up to four potatoes on the baker to ensure easy, even cooking. Dishwasher safe.

MICROWAVE PLATE COVER

The microwave plate cover can be used to stop splashes in your microwave when heating food. With air vent for perfect reheating. Dishwasher safe.

Size 270 mm 10.62" (Dia) x 50 mm 1.96" (H).

Product may vary slightly from picture shown.

MICROWAVE OMELETTE MAKER

The easy to clean omelette maker produces a perfect omelette in an instant. Dishwasher safe and designed for table service.

MICROWAVE STEAMER

The steamer has a vented lid which is ideal for vegetables, seafood and chicken. Dishwasher safe and designed for table service.

MICROWAVE EGG BOILER

This is supplied as two individual egg boilers enabling you to boil eggs in 45 to 60 seconds. Dishwasher safe and designed for table service.

Product may vary slightly from picture shown.

MICROWAVE SAUCEPAN

This saucepan has a 1 pint capacity and is ideal for heating soups, beans, milk and other liquids in the microwave. With two pouring spouts for both left and right handed use, it is non stick, robust, dishwasher safe and will not discolour.

Product may vary slightly from picture shown.

MICROWAVE RICE COOKER

The steam circulation system specially designed for the microwave rice cooker offers benefits of time and efficiency. The water content is retained in the food and even heating gives best results. The rice cooker is made of high quality plastic which is heat resistant, durable and easy to clean. The handle is made of low heat-conducting material to provide safe handling. Includes 1 measuring cup and 1 spoon. The cooker is dishwasher safe.

MICROWAVE FOOD CONTAINER

An ideal size, this container can be used in the microwave and freezer. Size: 1.25 Litre Square Container. Dishwasher safe and designed for table service.

Product may vary slightly from picture shown.

VOICE TAG TALKING LABEL READER

This easy-to-use handheld labelling system can be used on a wide range of items in and around the home and can be used to label and leave messages on food, clothing, film and music libraries, pill bottles and medical packaging and many more items. Also ideal for recording Credit Card details. The tip of the device is simply touched to the label affixed to an item and then the user can record the message they wish to give that item. To identify the object in the future, the reader is again touched to the label whereupon it will speak the previously recorded message. Recordings can be changed or deleted so labels can be reused as many times as required and additional labels can be purchased separately. The device has 2GB of internal memory and is able to record over 120 hours of music/speech. The device can be connected to a computer with the supplied USB cable so you can edit, copy, re-record and back up your music/speech files. The reader is supplied with an earphone, 200 labels and additional packs of labels are available separately as well as washable sew on labels. Size 33 mm 1.30" (W) x 185 mm 7" (L) x 37 mm 1.46" (D). Powered by 2 x AAA alkaline battery (supplied). Please note that if this unit is returned for a refund and the supplied labels have been used or are not complete we will have to make a charge. We therefore suggest that, upon receipt, you satisfy yourself that the device is suitable before removing any of the labels.

TALKING LABEL

A small easy to use label recorder, which allows you to record a 10 second message. It can easily be attached to a metal surface using the built-in magnet pad on the underside, enabling you to label tins of food, using your own voice. Alternatively record a memo and use the magnet to attach the unit to your refrigerator. The last message recorded is retained even when the battery is flat or removed. Powered by 1 x CR2016 Lithium battery (included).

VOXCOM II AUDIBLE LABELLING DEVICE

This labelling device has only one record button for ease of use. Available in two styles with either 50 or 100 cards and including a volume control, you can record your own voice on to re-usable identification labels. The VOXCOM II comes complete with velcro strips, magnetic strips, cable ties and elastic bands. Use it for labelling household items, fridge or freezer contents, books, etc. Size 69 mm 2.74" (W) x 94 mm 3.73" (H) x 30 mm 1.20" (D). Powered by 1 x PP3 Alkaline battery (included).

TALKING COLOUR DETECTOR

Very light and easy to use, this device has a wide range of useful applications from checking the colour of clothes to the ripeness of fruit while shopping! Simply select one of the 3 available volume levels and hold the front of the unit against almost any surface – paper, cloth, wood, plastic etc and the colour will be spoken. The device uses our own high quality speech system and is available speaking in several languages. Supplied with a clip-on cover to protect the sensors when being carried in a pocket and an earphone which turns the speaker off to avoid disturbing others. The cover clips onto the back of the case when the device is being used. The case has been ergonomically designed for both right and left handed use and can be held comfortably in several different ways. Size 61 mm 2.43" (W) x 141 mm 5.57" (L) x 34 mm 1.35" (D). Powered by 1 x PP3 Alkaline battery (included).

BANKNOTE MONEY DETECTOR

This bank note money detector has a simple design, and with a single operating button, it is very easy to use. The button, when depressed, will give a number of vibrations according to the note value. It is available in both Sterling and Euro models. Size 36 mm 1.41" (W) x 122 mm 4.82" x 10 mm .40" (D). Powered by 1 x CR2032 Lithium battery (included).

I-TELL

A unique, innovative and exciting product, which enables your existing iPod to announce your stored artists, album titles, song titles and audio books. The I-Tell simply plugs into your iPod and your earphones plug into the I-Tell; you then control your iPod through the controls on the I-Tell. The unit also includes a removable belt clip. You can connect other devices such as a radio transmitter or charger to your iPod whilst using the I-Tell. The I-Tell has 5 main control buttons which work in a similar way to an iPod, with 2 additional buttons to control the volume. The unit has an additional setup menu, which enables you to choose the voice style, voice speed and the gaps between words. Size 38 mm 1.51" (W) x 114 mm 4.5" (L) x 11 mm 0.46" (D). The unit requires no batteries as it is powered by the iPod. Compatible with most iPod's which have a docking connector.

TALKING HANDHELD CALCULATOR

8 digit display calculator with alarm clock and announcements of input digits and totals, in a female voice. It has a percentage button and repeat announcements at the press of a button, volume adjustment and a large digit LCD display. Please note the clock and alarm functions are displayed only.

Size 85 mm 3.34" (W) x 129 mm 5.07" (L) x 18 mm 0.70" (D).

Powered by 2 x **AAA** Alkaline batteries (included).

£9.95

TALKING CALCULATOR WITH EARPHONE

A basic function calculator with percentage and memory keys. This calculator features a large clear display, female speech, adjustable volume, selectable units or digit spoken results, selectable speech on/off, large tactile keys and an earphone which disconnects the speaker when plugged in for private use.

Size 175 mm 7" (W) x 130 mm 5.14" (L) x 33 mm 1.29" (D).

Powered by 2 x **AA** Alkaline batteries (included).

Please note: product may vary from image shown.

£20.95

TALKING DESKTOP A4 CALCULATOR

£24.99

A basic calculator, but A4 size with large buttons, a clear display and announces in a female voice. Function keys include square root, percentage and memory keys. Other features include; selectable unit or digit spoken results, repeat function of last spoken amount, adjustable volume and earphone connection which allows private use when connected (included).

Size 210 mm 8.20" (W) x 295 mm 12" (L) x 13 mm 0.52" (D).

Powered by 2 x **AAA** Alkaline batteries (included).

ADJUSTABLE WHITE FOLDING WALKING STICK

£14.95

These hand made walking sticks are manufactured from strong aluminium tube with a comfortable wood handgrip. They are adjustable between 33" and 37" in 1" steps and come complete with a wrist strap and storage wallet. Shorter lengths are available on request.

MICROWAVE HEAT PADS

These pads are filled with natural grain, not gel, so they cannot burst.

Place in a microwave for one and a half to two minutes and they can be used as a hot water bottle or as a warm scarf around the neck or a limb.

They can also be used as cold pads by being left to cool in a refrigerator. Please note that colours may vary from illustrations.

Pad Size: 22cm x 22cm

Scarf Size: 56cm x 13cm

£15.32

£12.25

TABLE STAND MAGNIFIER

This easy to assemble table stand magnifier has 4x magnification and is ideal for magnifying books, paperwork, magazines and craft work. It comes with an adjustable lens with 360 degree rotation movable in any direction.
Base size 195 mm 7.67" (L) 130 mm 5.11" (W) 45 mm 1.77" (H)
Lens size 240 mm 9.44" x 164 mm 6.45"

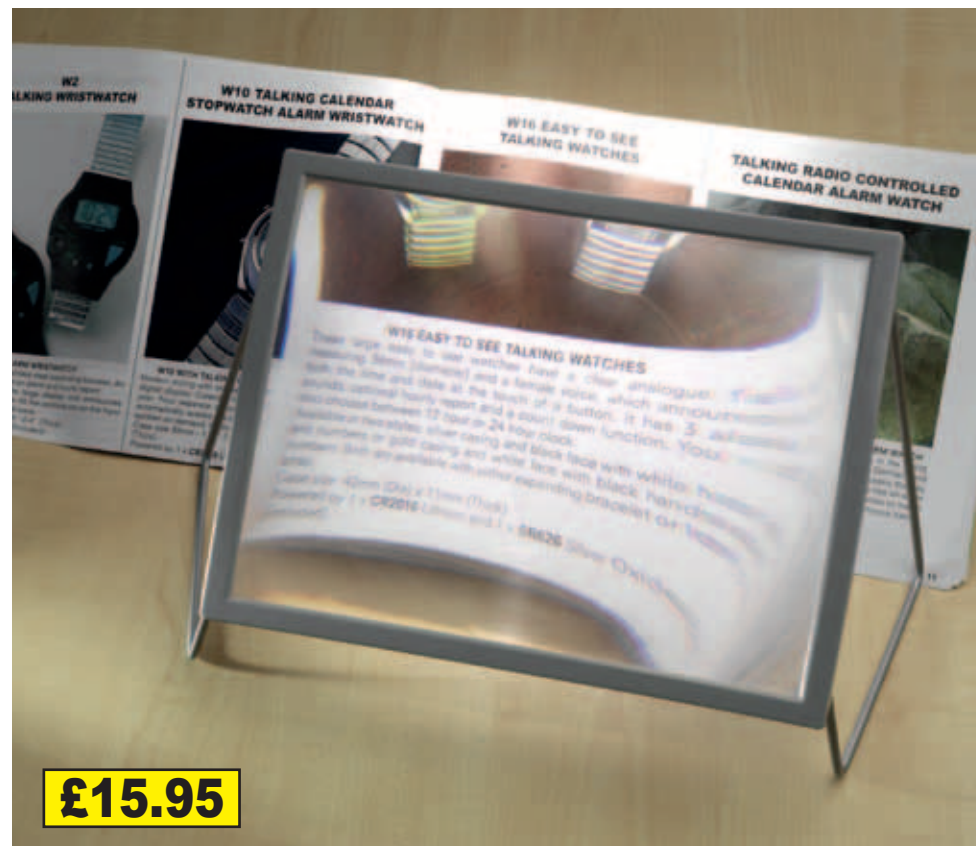

PORTABLE COLOUR VIDEO MAGNIFIER

This Portable Colour Video Magnifier has a 3.5" screen making it ideal to carry wherever you go. It features 6 text/background colour modes, four levels of magnification, up to x10, adjustable brightness and a low battery indicator. It can be used independently or connected to a TV or computer via a USB converter which is available separately. This unit is powered by a rechargeable battery which is included. Also included is a carry case, charger, video cable, lens cleaning cloth and an attachable strap for ease of carrying.

A4 SHEET MAGNIFIER

The A4 sheet magnifier has 2x magnification and is ideal for magnifying your books, paperwork, magazines and craft work. Supplied with two stands which allow hands-free use. Both stands are adjustable in height and allow viewing flat or tilted at an angle. Stands can be folded for easy storage.
Size 280 mm 11" (W) x 210 mm 8.50" (L) x 14 mm 0.67" (D).

COLOUR VIDEO MAGNIFIER

The Colour Video Magnifier has 6 text / background colour modes, plus full colour. The handheld unit is lightweight and easy to use with tactile buttons. There are 5 levels of magnification; x6, x11, x13, x20 and x25. The unit can be used independently or connected to a TV (cable included) or to a computer via a USB converter (available separately). The brightness is adjustable and there is a low battery indicator. Other features include; freeze frame function with zoom capability and built-in stand, which allows the user to write under the camera. Screen size is 4" x 2". Powered by a rechargeable battery (included). Supplied with strap, carry case, charger, video cable and lens cleaning cloth.

MOUSE MAGNIFIER

£54.95

This lightweight and easy-to-use hand held magnifier is the size of a computer mouse. The unit connects directly to your TV or via a USB converter to a computer. Guide wheels allow the reader to be easily moved. 7 zoom levels give up to 70x magnification on a 20" screen, (this varies depending on the screen size - the larger the screen the greater the magnification). Viewing modes are; black background with white text, high and low contrast - white background with black text or full colour. The freeze frame feature allows you to take a snapshot of the item you are looking at and zoom in or out. Can be used horizontally above the text or, using it's adjustable focus, at longer ranges - i.e. to view objects at the far side of a room. Supplied with a carry pouch, connection cables and mains adaptor.

USB CONVERTER AVAILABLE AT AN ADDITIONAL COST.

MOUSE MAGNIFIER - CORDLESS

The cordless Mouse Magnifier works in the same way but allows the user more flexibility. The base receives the information from the magnifier to transfer the scanned information to your TV or monitor. The cordless magnifier can be used at a considerable distance from the base unit. It has a rechargeable battery which lasts up to 4 hours. Supplied with a carry pouch, connection cables and mains adaptor/charger.

USB CONVERTER AVAILABLE AT AN ADDITIONAL COST.

£89.95

COMBINATION MOUSE MAGNIFIER WITH STAND

The stand is designed for use with both the corded and cordless mouse magnifiers. Using the magnifier on the stand provides a larger field of view of the document you are reading, while also allowing the user to write or work under the magnifier, i.e. filling in forms or completing crosswords. Also enables hands free use for sewing, arts and crafts. The sliding platform provides smooth movement of the item you are viewing. The stand is lightweight and ergonomically designed. Also allows the mouse magnifier to be used vertically for distance viewing i.e. in a class room. Please see price list for available package deals.

Corded Combination
£109.95

Cordless Combination
£140.95

HANDHELD MAGNIFIER

A powerful magnifier with a built-in light which provides a clear image for reading. The lens diameter is 42mm and the unit weighs 69g. The unit also includes an independent torch on the opposite end to the magnifier. Available in three different lens magnifications x7, x9 or x11. Supplied with a case and neck strap.

Size 55 mm 2.20" (W) x 134 mm 5.27" (L) x 24 mm 0.94" (D).

Powered by 3 x **AAA** Alkaline batteries (included).

From £16.35

BIG BUTTON EASY TO SEE TELEPHONE

The large buttons make dialling easier. The telephone has 3 direct memories and 10 indirect memories for you to store and dial your most frequently called numbers. It has last number redial and adjustable ringer and speech volume along with a visual ringer indicator (Super bright LED). It is also hearing aid compatible. Desk or wall mountable.

TALKING CALLER ID PHONE & WRIST/PENDANT EMERGENCY BUTTON

Easy to see, use and hear home phone with an independent emergency button. The big buttons are tactile and the numeric buttons are backlit. This phone will announce your dialled and received numbers. The phone book allows 30 numbers to be stored with a voice tag created using your own voice. The Caller ID function allows all numbers to be displayed and spoken. There are 3 direct memory buttons and 10 indirect memory buttons which are user defined. The emergency wrist alarm can also be worn as a pendant and is water resistant. When activated the phone will call your 3 pre-programmed emergency numbers in sequence. Other features include: hands free speaker, last number redial, hearing aid compatible, +40dB volume boost button, adjustable ringer and handset volume. The phone can be set to speak in English, German, French or Italian. Supplied with mains adaptor and 4 x AAA Alkaline batteries.

Please note: sighted assistance may be required for the setup of this phone. To use the Caller ID you will need to subscribe to this with your service provider.

TALKING BIG BUTTON PHONE WITH ANSWERING MACHINE AND CORDLESS PHONE COMBO

Includes a desk phone with answering machine and a cordless phone both with big buttons, caller ID, 5 languages, hands free speakers and LCD displays with orange backlighting. The answering machine has up to 11 minutes recording time and there is a paging function between the two phones. When the handset is down on the desktop phone it will announce the numbers as you dial. Both units are hearing aid compatible and have high quality speakers for amplified calls. The phonebook stores up to 200 names and numbers and the Caller ID stores the last 30 numbers called or received. Only one connection to the phone line is required. Supplied with; Telephone cable, 2 x Power supplies, 2 x AAA rechargeable batteries (for the cordless phone). Please note: sighted help is required for set up of this product.

BIG BUTTON GREY DECT CORDLESS PHONE

The handset has contrasting, tactile big buttons and a LCD display with black text on orange backlight. The phonebook stores up to 200 names and numbers and there are 3 direct dial memory buttons. Hearing aid compatible with high quality speakers for amplified calls up to 35dB. Other features include; caller ID with recall, GAP compatible, paging function to locate handset, hands free speaker, 9 ringer melodies, adjustable ringtone volume with boost button, clock and alarm functions. Battery life per full charge; Max 100 hours standby and max 11 hours continuous conversation. Please note: sighted assistance may be required for the setup of this phone. To use the Caller ID you will need to subscribe to this with your service provider.

ADDITIONAL HANDSET

This cordless additional handset can be used with any GAP compatible phone. It has a hands free speaker phone, extra loud ring tone and an extra large LCD display.

BIG BUTTON CORDLESS PHONE WITH ANSWERING MACHINE

The handset has contrasting, tactile big buttons and a LCD display with black text on orange backlighting. The phonebook stores up to 200 names and numbers and the Caller ID displays the last 30 incoming numbers. There are 3 direct dial memory buttons on the handset. Hearing aid compatible with high quality speakers for amplified calls up to 35dB and a ringer volume up to 90dB. The answering machine has 11 minutes recording time with voice prompts in 6 languages and message playback through the handset or speaker. The answering machine has large buttons and announces the day and time of the message. Other features include; hands free speaker, 9 ringer melodies, paging function to locate handset, clock and alarm functions. GAP compatible with the ability to connect up to 4 handsets. Please note: sighted assistance may be required for the setup of this phone. To use the Caller ID you will need to subscribe to this with your service provider.

NEW

TALKING DECT CORDLESS PHONE

This talking cordless phone will speak in a clear English voice all buttons, functions and menus. The names in the phone book are spoken as individual letters not as the actual name. The handset has large contrasting, tactile black on white buttons and a 2 line, extra large dot-matrix LCD display. The phone book stores up to 200 names and numbers and the Caller ID displays the last 30 incoming numbers. There are three direct-dial buttons on the handset for storing your three most frequently dialled numbers. The unit is hearing aid compatible with an adjustable volume of up to 40dB and a ringer volume up to 90dB. It features incredible sound with less than 1.5% distortion at full amplification. Other features include; hands free speakerphone, 9 ringer melodies, 6 display languages, paging function to locate handset, clock and alarm function. The unit is GAP compatible with the ability to connect up to 4 handsets.

TALKING ADDITIONAL HANDSET

This talking cordless additional handset can be used with any GAP compatible phone. It has a hands free speaker phone, extra loud ring tone, an extra large LCD display and also features three programmable direct dial memory buttons.

BIG BUTTON MYDECT 100 CORDLESS PHONE

The handset has big white buttons with black numbers. The orange backlit LCD display has an adjustable contrast. The unit has 5 levels of ringing volume and an adjustable receiver volume of up to 22dB. Other features include; talking time display, redial, mute function, keypad lock capability, 5 ringtones and 5 melodies. The unit is GAP compatible. Please note: The base of this product does not ring and sighted assistance may be required for the setup of the phonebook.

DECT PHOTO PHONE

This product can be used as a normal cordless big button phone or as a photo phone. The 10 buttons located on the base can be used as speed dial buttons and can include a picture to represent the recipient, which can help those who have difficulty remembering phone numbers. Calls can be made through the keypad or by pressing the relevant picture button to call the stored number. The phonebook can store up to 50 names and numbers. The display on the handset is backlit in orange with an adjustable contrast. The unit is GAP compatible and can be paired with up to 4 handsets. Features include; call waiting indicator, 10 ringtones, hands free speaker, redial and Caller ID. The volume is adjustable up to 22dB and the ringer volume has 5 levels. Please note: sighted assistance may be required for the setup of the phone book. To use the Caller ID you will need to subscribe to this with your service provider.

PHOTO PHONE WITH ANSWERING MACHINE

This phone has big easy to use buttons and backlit numeric buttons. There are three programmable emergency or direct call memory buttons. Each of these buttons can be fitted with a photo of the recipient. The phone also features a multi-functional answering machine with 24 minutes recording capacity, voice prompts, a memo function (making it possible to record several memos) and announcement of the day and time of each message. The incoming ringing volume is 90db and the listening/receiver volume is 40 db.

🇬🇧 DIALTALK POCKET TELEPHONE TALKING DIALLER

Use the keypad to enter the number - each digit is spoken as you enter it and can be erased and corrected as you go. Once the number has been entered press the SPEAK button to read back the whole number. Place the Dialtalk close to the telephone mouthpiece and press DIAL and the unit will transmit the tones to dial the number for you. It has ten memories, adjustable volume, high quality speech and last number redial. Works with tone or pulse telephones provided they are connected to a tone exchange. Each memory can hold fifteen digits and memories can be strung together for dialling very long numbers. Powered by 1 x PP3 Alkaline battery (supplied).

TALKING ANSWERING MACHINE

This stand-alone easy to use answering machine can be connected to any corded phone. It features an easy-grip wheel to adjust playback speed, boost button to increase playback volume and tone adjustment. You can also call your machine from any place to retrieve your messages remotely.

TALKING MOBILE FLIP PHONE

This mobile phone has a large LCD display (2.4") with white text on grey buttons. Each number will be spoken when pressed. The phone book stores up to 500 entries, 3 of which can be stored as speed dial numbers. Other features include, text messaging, SOS call button for up to 5 numbers, adjustable extra loud ring tone and receiver volume, hearing aid compatible, bluetooth, vibrating alert for incoming calls and built in torch. The phone has 12 different languages. Size 100 mm 3.93" x 50 mm 1.96" x 15 mm 0.59". Supplied with charger, desk top charger unit and sim card.

SILVER EASY TO SEE MOBILE

This big button mobile phone has a colour screen with large black numbers and text. The tactile keypad has large white text on black. It has 3 direct memory buttons for quick access to your most frequently called numbers and 8 speed dial keys. You can send and receive SMS text messages and the text is displayed in large print measuring 5mm. The phonebook stores up to 200 names and numbers. Hearing aid compatible with an extra loud ringer up to 100db and a loud-speaker up to 25db. Includes: alarm, hands free speaker, calendar and automatic keypad lock. Supplied with desktop charging cradle and mains charger. A carry case is available at an additional charge.

TALKING BIG BUTTON MOBILE PHONE

This phone has a high contrast keypad with white text on a dark grey background. Each number button will announce the number when pressed. The 40 mm 1.6" LCD screen is backlit in orange with black text. The phone book stores up to 250 names and numbers, 10 of which can be stored as speed dial numbers. The phone has a loud-speaker and is hearing aid compatible. Other features include text messaging, SOS call button, built-in torch, vibration and mute functions. It also has 64 polyphonic ring tones and alarm functions. The mobile phone also features an FM radio which can be listened to with or without the earphones. Supplied with earphones, charger, SIM card (if required) and carry case. Size 51 mm 2" (W) x 108 mm 4.25" (L) x 17 mm 0.66" (D)

TALKING WRIST BLOOD PRESSURE MONITOR

£29.95

Clear female voice. This small handy sized monitor simply straps onto the inside of your wrist for an accurate measurement of your blood pressure and pulse. At the touch of a button the device will switch on, inflate the wrist cuff, announce your blood pressure and pulse rate, deflate the cuff and automatically switch off when no longer in use. The device has 60 memories. After each test the monitor will automatically store your test results along with the date and time. Each stored measurement can be accessed and announced. Supplied with protective case. Size 86 mm 3.40" (W) x 70 mm 2.78" (L) x 28 mm 1.10" (D). Powered by 2 x 1.5v AAA size Alkaline batteries (supplied).

TALKING PEDOMETER

£7.50

Enter the average length of one step then, when clipped to a belt or pocket or carried while you walk or run, this device will tell you at the press of a button how far you have travelled.

The pedometer also includes a talking alarm with a choice of four sounds which can be set to sound at any time of the day and a selectable music function which plays at a speed dependant on how quickly you walk.

Powered by 1 x **CR2025** Lithium battery (included).

TALKING BLOOD PRESSURE MONITOR MTV

A fully automatic blood pressure and pulse measuring device. Operation turns the unit on, announces that the measurement has begun, inflates the cuff, announces your blood pressure and pulse and deflates the cuff. The unit has two memories, each storing up to 60 measurements and the average of the three previous measurements will automatically be calculated. All stored readings are announced and displayed with the time and date the measurement was taken. Size 104 mm 4.12" (W) x 146 mm 5.78" (L) x 67 mm 2.63" (D). Powered by 4 x **AA** Alkaline batteries (included).

Larger cuff size also available separately.

£49.95

TALKING DIGITAL SKIPPING ROPE

This talking skipping rope has a calorie counter, jump counter and timer. The voice announces calories burned, number of jumps, workout time and remaining time from your workout setting of up to 99 minutes. It will speak automatically according to the preset intervals, or manually by pressing the Talk button. It has four display modes to show the number of jumps, calories, elapsed time and countdown timer. The rope length is adjustable and can be easily altered to suit the user's height. Powered by 2 x **AAA** Alkaline batteries (included). Please note: Product shown may vary

£12.95

BRILLE AND LARGE PRINT MONOPOLY

The extra large cards and money with Braille and large print, allows everyone to play this game together. The 20" square game board has a moulded overlay which enables you to identify all the spaces and locations of the properties. All squares, money, dice, property and playing cards have Braille and print. Complete with Braille instructions.

Please note: This game is the American version of Monopoly with reference to American dollars and place names.

4 IN A ROW

This is a game for 2 players. The object of the game is to achieve a line of four counters in a row horizontally, vertically or diagonally. The red counters have holes, enabling players to differentiate between red and yellow.

Please note: The style may vary from the illustration.

EASY TO SEE COLOURED PLAYING CARDS AND HOLDERS

These playing cards have large letters and numbers which measure 40mm in height and each suit has a differing colour of black, red, green and blue. The cards include a pack of 4 card holders of various colours. Each holder will hold up to a full deck; pull one card out and the others stay in place. The card holders allow the user to hold their cards in their hand or the holder can be stood on a flat surface. Card size 63 mm 2.48" x 88 mm 3.46"

Please note: Holders are available to purchase separately at a cost of £3.99. Easy to see cards are available to purchase separately at a cost of £5.00.

LARGE PLAYING CARDS AND JUMBO PLAYING CARDS

LARGE EASY TO SEE PLAYING CARDS:

Traditional black and red playing cards with large clear easy to see print measuring 17mm.

Card size 62 mm 2.44" x 86 mm 3.38"

Large Playing cards are £5.00 or with 4 card holders for £8.99.

JUMBO EASY TO SEE PLAYING CARDS:

These cards are much larger than normal sized playing cards and have extra large print measuring 25mm, making them easier to read.

Card size 98 mm 3.85 x 149 mm 5.86"

Jumbo Playing cards are £6.00 or with 4 card holders for £9.99.

ODIMO GAMES CONSOLE

The award winning ODIMO games console. The simple and intuitive games console you do not need to see to play.

Specifically designed for those who enjoy problem solving puzzles and leisure activities but struggle to read and write due to sight issues. Through voice recognition technology the Odimo provides the user with easy and interactive access to games such as crosswords, sudoku, battleships and much more. Suitable for everyone from around the age of 10 years old.

The Odimo games console is available to purchase and includes one games cartridge which includes Sudoku, Yahtzee, a Card game and two Crosswords. Additional games cartridges are available to purchase separately. The four additional games cartridges include Battleships, Master code/Simo, Crossword puzzles and Anagrams. The console is slick in design with easy to use controls and a vocal user manual.

Size 210 mm 8" (W) x 180 mm 7" (L) x 30 mm 1.2" (D)

Powered by 3 x AA Alkaline batteries or mains adaptor (Both supplied).

INTRODUCTION TO EYE CARE

This section of our catalogue is devoted to our increased range of high quality anti-glare glasses to aid the management of glare. Anti-glare glasses can assist in easing the discomfort caused by glare whilst optimising remaining vision.

Manufactured by Noir all of the filters offered provide 100 % UVA and UVB protection whilst the deluxe range have the additional benefit of Infra Red protection (IR) for relief from eye fatigue.

The Noir filters also have a range of light transmission. This is the amount of visible light transmitted through each lens and is shown as a percentage figure in each of the colour blocks on the following pages. e.g. Colour filter 22 shows 13 % of light being transmitted.

The lower the figure the greater amount of light being excluded and therefore the darker the filter. However it is important to note that choosing a filter which is too dark can sometimes reduce the enhancing effect of the anti-glare glasses and therefore the amount of vision. We have listed some suggested filter applications in the section below. The Noir range of colour filters is very extensive and we are unable to hold all of these in stock. We are however, able to obtain any filter or style upon request. Any special orders could be subject to a small additional charge. All of the anti-glare glasses are supplied with a soft protective case.

Suggested Applications

The listing below is intended only as a guide. Those marked with an asterisk are special order only.

Macular degeneration Filter 60 - 49% Orange " 465 - 70% Yellow* " 11 - 40% Amber IR " 65 - 14% Orange IR	Cataract - Pre-operative Filter 50 - 54% Yellow " 68 - 52% Orange* " 11 - 40% Amber IR " 61 - 40% Orange IR	Diabetic Retinopathy Filter 22 - 13% Grey " 47 - 40% Topaz " 81 - 20% Plum " 02 - 18% Grey Green IR
Retinitus Pigmentosa Filter 23 - 4% Grey " 43 - 4% Amber* " 01 - 10% Amber IR " 08 - 1% Grey-Green* IR	Glaucoma Filter 21 - 32% Grey " 81 - 20% Plum " 12 - 40% Grey-Green IR " 01 - 10% Amber IR	Cataract - Post-operative Filter 40 - 16% Amber " 22 - 13% Dark Grey " 01 - 10% Amber IR " 02 - 18% Grey IR

ANTI-GLARE FIT-OVER GLASSES

These wrap around anti-glare glasses are made from durable, shatterproof polycarbonate. They are designed to be worn with or without normal glasses and provide all round protection with both top and side shields. They are available in medium size in all of the tints shown below. Please quote the colour code number required when ordering.

Please note: Limited stock is available for this range of glasses in a smaller size. For filter colours see below.

POLARISING ANTI-GLARE GLASSES

These are similar to our standard anti-glare glasses but the lenses are made from a polarising material which has the effect of reducing glare from bright light being reflected from glass, snow, water or other particularly reflective surfaces. These glasses are offered with grey or amber colour filter, in small or medium size.

Please quote colour code number and size required when ordering. Not recommended for driving as the lenses can distort the view through vehicle windows. For filter colours see below.

DELUXE ANTI-GLARE FIT-OVER GLASSES

These anti-glare glasses have additional Infra Red (IR) protection for relief from eye fatigue. Available in four colour filters they maximise functional vision, enhance contrast and provide comfort against disabling glare. The frames, which are one size only, have adjustable side arms to fit comfortably over the ears.

Please quote colour code number when ordering. For filter colours see below.

DELUXE SEMI WRAP-AROUND ANTI-GLARE GLASSES

These close fitting anti-glare glasses, in one size only, have adjustable arms to fit comfortably over the ears. There are five colour filters from which to choose. These glasses have the addition of Infra red (IR) protection for relief from eye fatigue.

Please note these glasses are not designed to wear over normal glasses and do not have the top or side screens of our full wrap-around models.

Please quote colour code number when ordering. For filter colours see below.

DELUXE POLARISING SEMI WRAP-AROUND GLASSES

These anti-glare glasses have polarising lenses which help to reduce reflective glare; e.g. from glass, water or snow. They are available tinted in grey or amber in one size only.

Please note these glasses are not designed to be worn over normal glasses and do not have the top or side screens of our full wrap-around models.

Not recommended for driving as the lenses can distort the view through vehicle windows.

Please quote colour code number when ordering.

SEMI WRAP-AROUND ANTI-GLARE GLASSES

These stylish glasses with tortoiseshell effect frames and dark grey UV protection lenses are designed to provide excellent protection from glare. Their semi wrap around design provides good all round cover but please note they are not designed to be worn over normal glasses and they do not have the top and side screens of our full wrap around models. Complete with strong attractive protective pouch.
